DID YOU BROADCAST LAST YEAR? YES / NO

>>>> KHWS DJ APPLICATION 2023-24 <<<<

Due September 29th at 5:00PM via email (khwsradio@gmail.com)

Poot Lovato circa 1052

Helloooooo applicants! The day has come and applications are out! A couple of notes:

- If you would like to co-host a show with a friend or multiple friends, please fill out **one application**.
- Just because you had a show last year **does not** guarantee you or even make you a shoe-in for a spot this year. We're trying to add more new faces and sounds to the system, and while we'd like to see all of you stay, don't count your chickens 🐔🐔🐔🐔🐔🐔🐔🐔 before they hatch!
- Please **do not** put music on your playlists that you THINK we will like. A great KHWS playlist is first and foremost the **music** YOU listen to and, next, other things. We love your Drake and Olivia Rodrigo just as much as your Radiohead and Lana Del-Rey or Miles Davis and Mac Miller. Be genuine in your music - you're doing yourself and the

station a disservice to put music you don't actually listen to on here. To give you an idea, the "perfect" playlist (which doesn't exist!) is one that has variety, originality, quality, and flow - **yes, we do listen to your playlists in order.**

- A KHWS show of all super popular music offers nothing new to listeners but something completely obscure might not be accessible enough. Try and find a **balance**.
- **We reserve the right to change show times around or revoke shows if you don't broadcast.** We also will likely reevaluate hosts after the first semester and potentially allow for some new broadcasters to come onto the station.
- MOST IMPORTANTLY, **HAVE FUN MAKING THIS!!** The reason this is such a long application is because we *really* want you guys to understand and appreciate what this club is about. We understand the length is not ideal, but have fun and everything will be topnotch.

Tell us about your show: Will it have a name? What will you broadcast? We are looking for quality and variety. If you're interested in having a non-music based show, tell us about it.

Why do you want to be part of KHWS?

Top 5 of all time: artists, albums/mixtapes/EPs, songs.

Artists:

Albums/mixtapes/EPs:

Songs:

What's your guilty pleasure song and why, mamas?

FOR THOSE WHO PREVIOUSLY BROADCASTED: You got in last year, why should we let you back in this year? What did your broadcast add to the lineup?

FOR NEW APPLICANTS: What do you expect to get out of this? What will your broadcast add to our lineup? Tough questions, I know. Sorry. But seriously... spill the beans.

What day of the week and what time would you prefer to broadcast? We have shows on all days except Friday and Saturday. For Sunday and weekday shows, you can have an hour-long slot to broadcast from 4pm-11pm. Please list three time-slots that work for you.

Please list any after school commitments and the times you would be unavailable to broadcast.

OPTIONAL QUERY (Intensely Recommended): Let us say. You are traveling, traveling down a turbulent train track in Bosnia at *approximately* 74.25398 miles per hour. Ahead, a **small Serbian man with a little hat** is tied to the tracks. If you choose to push a button, you use an alternate route, you will avoid hitting the Serbian but **will instead run over five** sets of politicians' legs secured to the track with a thick rope. **BUT**, to your surprise, there is a **THIRD** track that completes a daring loopy-loopy-loop and a fun little snack stop. If you take the third route, you will kill the Serbian AND maim the politicians. **Which route do you choose??** Why???

Thank you for your interest in KHWS! Along with your application, **please submit an hour-long playlist** that will give us an idea of the shows you might broadcast + name it "[NAME — KHWS APPLICATION PLAYLIST 2021]." You can write it out or provide a link in your email. Or, if you're interested in other programming, such as a podcast or talk show, please submit a sample of a detailed outline for your show.

Preference will be given to upperclassmen and KHWS veterans, but not exclusivity: us station managers will do our best to create a schedule of diverse and quality programming. Don't hesitate to email us at khwsradio@gmail.com (or contact the super hot leaders that are kind of intimidating but also kind of nonchalant and enticing) with any questions.
